

Buffalo Trails Safaris

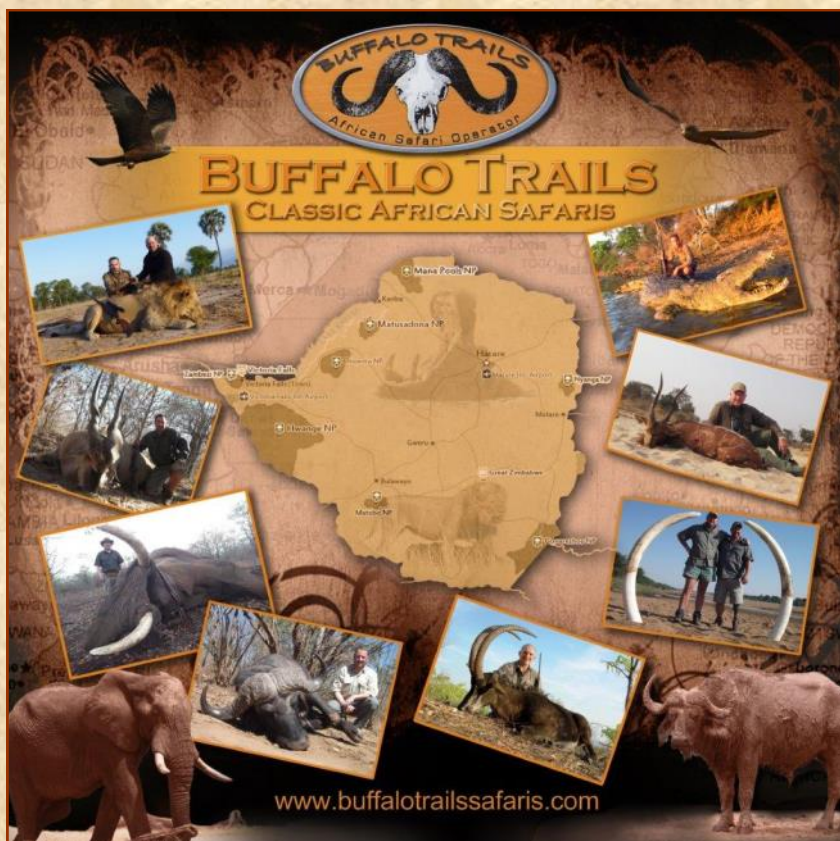

NEWSLETTER - DEC 2015/JAN 2016

2015 ended on a high note for Buffalo Trails Safaris and me personally. The last hunt of the season in mid December, took us down to Chibwedziva Campfire Area with a client who shot a fantastic elephant bull (pictured above left) - a great way to end off the 2015 hunting season. And shortly prior to this was the annual SOAZ & ZPHGA Hunters & Guides Prize giving and ball where I was awarded the prestigious "Hunter of the Year Award" (pictured above right) together with runner up for the biggest antelope. It has to be said though - that these awards would not have been possible without all of our clients support throughout the year. You all know who you are and I would like to take this opportunity to say a heartfelt thank-you to all of you for your loyalty over the years in what have sometimes been tumultuous times for Zimbabwe and for supporting me as I have carved out my niche within the industry!!!

2015 was a tumultuous year to say the least—with some phenomenal highs and some extraordinarily sad lows—with a fair amount of controversy thrown in for good measure. However, throughout all of the intense scrutiny I am still extremely proud to be part of the hunting industry and the broader conservation initiative and this year has reminded me how privileged I am to be doing something that I love on a daily basis and I am very optimistic about the future of hunting and Zimbabwe as a whole.
